

SWCP 2025 DECLARATIONS

“Experiencing The Mighty Move of the Hand of God”

Heavenly Father, we thank you for this time of intensified prayer, praise and worship at SWCP and gathering of prayer warriors and watchmen on the wall as we **experience the mighty move of your outstretched hand** on our behalf and on behalf of those we are praying for.

We thank you for your prophetic word given to us in prayer that you are stretching forth your hand to **release an outpouring of rejuvenation**. Therefore, *we stretch forth our hands to connect with yours* and receive from you as you rejuvenate our **prayer lives**, rejuvenate our **anointing**, rejuvenate our **calling**, our **commitment** and our **faith**, rejuvenate our **confidence** in you, Father God, rejuvenate our **spirits** that have been battle worn and battle fatigued.

We relish this time of rejuvenation. It is much needed, and we declare your rejuvenation is increasing and spreading beyond SWCP to everywhere we go. Your wave of rejuvenation is **reverberating**, It's **vibrating & moving** throughout the **land**, throughout our **homes**, throughout our **churches**, throughout our **towns**, our **communities** throughout our **families, relationships**, on our **jobs**.

We thank you father that you are **Unlimited** and you don't run out of **ideas, innovation, creativity** or **supernatural power**. You always have **what's next** for us waiting in the wings. You're always saying, “**yes and what else?**”. You are causing us to experience the mighty move of your hand so that you can **rejuvenate us for what's next**. We declare that **nothing** will stop your move and therefore **nothing** will stop us.

We rejoice Father God that you are rejuvenating our **spirits** even now so that we can move on to continue advancing your kingdom and to fulfill our calling and our **purpose**. You are stirring up the **gifts** that are within us. You are putting our **feet on the gas** pedal. You are **accelerating** and also causing us to accelerate in what you have called us to do so that we make a **leap forward** and **advance**. You are even causing us to **skip some steps to make up for lost time** from when the enemy **distracted, diverted** and **delayed** us. But by the power of your outstretched hand, you are getting us to where **You** want us to be and where you want your **kingdom** to be as you prepare to return.

We thank you for the messages, the teaching, instruction and prayers. Thank you that we are experiencing the mighty move of your hand Father God and we receive the **manifestation** of those things we are praying and believing for. We declare that our intercession is **striking the mark** and **setting captives free, changing lives**, making ways and **opening doors** that only your **outstretched hand** can open. It is so in the matchless name of Jesus!
