

SWCP 2024 DECLARATIONS – Unmuted and Undaunted!

We, your people Lord God, who are called by your name, humble ourselves and pray, repent and turn from our wicked ways and seek your face. Thank you, Father God, for ***hearing and healing*** our land, countries, families, bodies, finances, for being merciful and saving the lost.

Father, we thank you for this ***gathering*** of Prayer Warriors, of Watchmen on the Wall that you have called together for such a time as this – we are Watchers of the day and night to cause a change in the earth. Thank you for ***SWCP*** and this ***immersion*** in prayer and ***increased intensity*** with fasting and ***increased participation***.

As we ***answer your call*** to ***take our positions*** as skillful warriors who have been called to prayer, we thank you Father that you want to ***infuse*** us with something beyond the normal, beyond what we are expecting – with the unexpected - with the strength and power to take us to the ***next level*** of impact and results.

This amplified time of prayer is about what you Father God want to do through the church – to take us to totally different levels of expectation.

Your infusion is charging us up, reviving us, energizing us, empowering us, enlightening us and activating us, promoting us, giving us new mindsets, renewed hearts, fresh words.

We thank you not only for this Call, but for the ***advancement*** of your Kingdom and your people. Thank you, Father, for ***preparing us*** to accelerate and execute your plans, to fulfill your vision for what is next for us individually and collectively as the Body of Christ and specifically as Prayer Warriors who are consistently taking new ground, defeating every enemy with ***your new strategies, directions and guidance***.

As we declare your word, we the prayer warriors and watchmen on the wall are being infused with your strength that is resident in your word and your power and anointing and it is ***coming up out of our mouths*** with authority, impact and favorable results.

Prayer Warriors, we are ***undaunted*** – we are not afraid and not moving from our watch.

We will leave ***no demon undefeated, no weapon prospering*** and we ***disarm every foe***. We declare a global influx of souls, the lost crying out in repentance being ***saved, delivered***.

We will ***maintain our positions of victory*** in those battles we've already won, in those territories and grounds we have already secured while being ***infused for New Things*** - advancing to new levels of power, new visions, new realms, new targets, new territories, to take new spoils and take charge over new posts.

We declare ***Prayer Warriors Unmute*** – do not be quiet, open your mouths and cry aloud, shout the victory, declare the enemy is defeated and fleeing, retreating from us and everyone that is ours. We declare defeat and removal of anything or anyone trying to stop, sabotage, delay or hinder the advancement of your Kingdom Father God.

We declare we will ***experience the results*** and receive the fruit and spoils of our Warfare. We declare we will see the hand of God move on our behalf like we have never seen before. We expect ***Unusual, Extraordinary and Supernatural*** manifestations of God's power and love and works for us. ***We receive it and thank you for it Jehovah, the Great I am that I Am!***
